

Genius is the intersection of three embodied activities:

Skills – Activity that produces mastery level output.

Impact – Impeccable contribution (to self, others, organizations, the world.)

Passion – Activity that generates unceasing energy.

1. What activities do you engage that produce mastery level output? (SKILLS)

2. What activities do you engage that foster an impeccable contribution (to self, others, organizations, the world)? (IMPACT)

3. What activities do you engage that generate unceasing energy? (PASSION)
